

Hold on to the elation

THAT COMES FROM HAVING GLOWING SKIN

With only one treatment, Juvéderm Volite gives you refreshed skin with added moisture you'll cherish.

“ I've noticed my skin is much plumper; it's certainly more glowing. I find I don't have to put on too much blusher and foundation anymore. ”

beautiful skin.

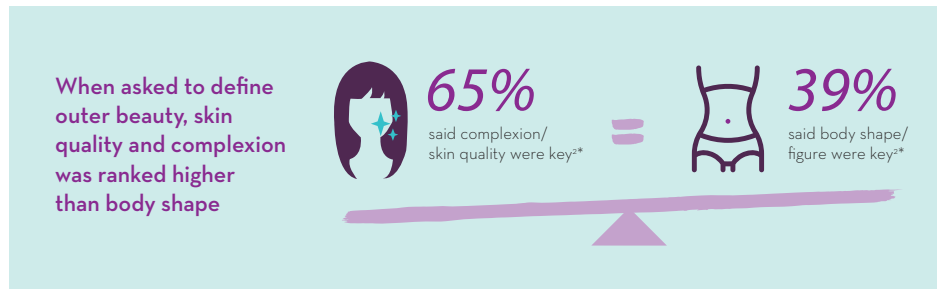

VOLITE™

WHEN YOU HAVE RADIANT SKIN, you feel happy and look energised

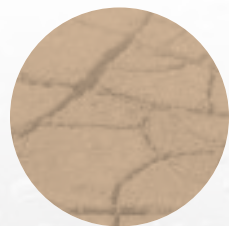

INTRODUCING SKIN QUALITY

Having glowing skin is linked to health and inner wellbeing. Skin quality comes from within but is projected outwards – that's why its so important.¹

When you adore the skin you're in, you glow.

So, what makes great skin?

1. TEXTURE[†]

Skin that is hydrated, smooth and lacks fine lines¹

2. ELASTICITY[†]

Skin that is firm and supple¹

3. COLOUR[†]

Skin that lacks pigmentation and redness¹

Introducing Juvéderm Volite

A SKIN QUALITY INJECTABLE

Juvéderm Volite delivers hyaluronic acid (H.A.) directly into the skin to improve its hydration and elasticity, as well as the appearance of fine lines.

H.A. is a naturally occurring substance in the skin. When Juvéderm Volite is applied, the H.A. combines with the water in the skin to hydrate, improve elasticity and help remove fine lines. It can be used for the face, hands, neck and décolletage.

With only one treatment, Juvéderm Volite gives you hydrated skin you'll pride yourself on.
